

EXPUNGEMENT HELP DESK

The Expungement Help Desk works to remove the barriers to financial freedom and stability faced by individuals with criminal records by helping them apply for an expungement under Indiana's Second Chance law.

LOOKING TO START THE EXPUNGEMENT PROCESS? SUMBIT AN INTAKE.

If you're a new visitor and need expungement assistance, please submit an intake by scanning the QR code or visiting nclegalclinic.org/re-entry-justice.

WHAT'S NEXT?

After submitting an intake request, you'll receive an initial email confirmation and will be in line to receive services from the Expungement Help Desk. Please be patient as this process may take a few weeks. You'll receive an additional email when we begin to review your case, and another once we determine your eligibility.
